New Membership Benefit - CLIX Portrait Studio

CLIX Portrait Studios' Dress-Up Days are one of the most popular and fun events for daycare students and providers! Kids love it, parents love it, and it's the perfect fundraiser for your daycare center. Best of all, you don't have to do a thing...CLIX does it for you!

Here's how it works: CLIX Portrait Studios takes care of everything! We bring in the costumes, backdrops, lighting, and professional photographers that make it fun. Every child is photographed at no cost and sent home that same day with a proof sheet (showing 4 different images) for parents to review. Within the week, parents submit orders to you and a CLIX representative picks them up directly from you. Finished orders will be delivered back to your daycare within one week...packaged by child's name for easy distribution. It's that simple!

The daycare center can choose between 2 special offers. Special Offer #1: \$4.00 of every package ordered goes back to the daycare center or Special Offer #2: Daycare center employees' children receive 50% off their order total.

You choose the special offer that you want. This popular event sells out fast, so don't wait! Book your date today. 316-789-9600 www.clixportraitstudios.com jenna.frazier@clixportraitstudios.net

DO YOU LIVE OUTSIDE SEDGWICK COUNTY?

Child Start services do not end at the Sedgwick County line! Read more about each service on page 3.

Professional Development Events (PDE's) – We offer training in all of our counties! Look on pages 13-17 to see trainings listed by county.

Coaching & Support – Child Start has Specialists assigned to every county in our service delivery area. Please look on page 16 to find who your specialist (County Representative) is. Give them a call or drop them an e-mail for help!

Resource Library – Child Start has partnered with local libraries and Health Departments to house Child Start materials for you to check out. For other materials not listed, please contact your county Representative.

Laminating, Accu-cutting, and Binding Services – A traveling laminator and accu-cut service are visiting each county. In addition, several counties have permanent machines located within the community. Please contact your Child Start representative (page 16) for more information about these opportunities.

Substitute Service – Currently only offered in Sedgwick, Reno and Rice Counties. Reno and Rice County child care providers have the opportunity to use the substitute service at a discounted rate thanks to a grant by Reno/Rice County Smart Start. Call 316-655-9001 or 1-866-212-6679 for more information.

County Representatives

Child Start has a staff person assigned to each county in our District Office service delivery area. On page 20, you will find the counties that each staff person is assigned to. This information is listed after their title. Have a question specific to your area? Need library materials delivered? Contact your county representative!

College Credit

In order to earn college credit at Child Start, a student takes ten hours of level 3 PDE instruction, in the course of the program year. At the end of the year, he or she will submit these PDE certificates, along with tuition, to be converted into one college credit-hour.

Participating Institutions:

- Butler Community College
- Southwestern College
- Wichita State University

Enrollment: Students should enroll and pay tuition early in the semester in which they will complete the last PDE.

Level 3: All of our PDE's are assigned a level according to the Core Competencies for Early Care and Education Professionals. Level three indicates college-level instruction.

College Credit: The course will count as an early childhood elective and will be ungraded.

Emotional Development in Infants and Toddlers

Infants experience a series of distinctive social-emotional stages as they grow. This session will address the healthy emotional development of children from birth through age three and the types of early experiences that are necessary to nurture this growth. By understanding these stages, caregivers can better support each child's developing sense of self, relationships with others, understanding of social rules and ability to work out feelings through communication and creative play.

Harper County: 10/6. 6:30-8:30 pm (2 hours)

The Developing Emotional Strengths of Children

Infants and toddlers go through distinct stages of emotional development. The emotional grounding attained in early stages provides the foundation for the development in later stages. In this session, participants will examine six components of emotional strength that may be observed in infants and toddlers.

Harper County: 10/13. 6:30-8:30 pm (2 hours)

Fostering Emotional Development: The Caregiver's Role

Support for emotional growth and development in infancy is one of the most important aspects of a caregiver's job. This session will focus on the awareness of the many facets of emotional development and what specific behaviors in adults can support this development.

Harper County: 10/20. 6:30-8:30 pm. (2 hours)

West Ed. Module II: Group Care - Child Start Instructor

RN, SU

Module

It's Not Just Routine, Part 1

Caregiving routines provide opportunities for caregivers to build a close personal relationship with each child while attending to the child's individual physical, emotional, and developmental needs. This session will address the importance of routines in creating intimate bonds between child and caregiver and in providing opportunities for physical, language and cognitive development. Daily routines are the heart of infant/toddler caregiving.

Reno County: 9/17. 6:00-9:00 pm (3 hours)

Summer County: 11/10. 6:00-9:00 pm (3 hours)

It's Not Just Routine, Part 2

The routines of diapering, dressing and cleaning-up are an important time for the child to learn and bond with the caregiver, as well as a time when important precautions for the protection of the children's and adults' health and safety must be observed. Feelings of competence and security as well as opportunities for language development can be reinforced during these routines.

Reno County: 10/1. 6:00-9:00 pm (3 hours)

West Ed. Module III: Learning and Development - Child Start Instructor

MP

Module

The Ages of Infancy: Young Infants, Mobile Infants and Older Infants

Infancy spans less than three years, yet it is the period of greatest change and growth in life. During this period, the type of care needed also changes dramatically. Although children are dealing with issues of security, exploration, and identity throughout the years of early childhood, each of these issues becomes a primary factor during one of the three stages of infancy.

McPherson County: 9/22. 6:00-9:00 pm (3 hours)

Language Development in Young Infants, Mobile Infants and Older Infants

Young infants are powerful communicators. Caregivers who listen well to this early communication and who observe for the needs heard in a cry or coo are helping young infants to see themselves as competent communicators. This class will focus on the development of language in young, mobile and older infants.

McPherson County: 10/6. 6:00-9:00 pm (3 hours)

West Ed. Module IV: Group Care - Child Start Instructor

HV

Module

Involving Families

Parents who are involved in their child care program are more likely to perceive their care provider as a partner in the rearing of their child. Participants will examine their own attitudes toward parent involvement, share experiences and consider innovative strategies for including families in the child care program.

Harvey County: 8/6. 6:30-8:30 pm (2 hours)

Listening and Responding to Families Needs

One of the most respectful and affirming acts of a child care provider is that of listening to the concerns of the child's family members and accepting the validity of their point of view. This session will focus on becoming more responsive to the needs of family members and being aware of how our past experiences affect our present interactions.

Harvey County: 8/10. 6:30-8:30 pm (2 hours)

Helping Parents Deal With Separation

The caregiver who addresses separation anxiety with empathy and understanding not only soothes the pain of the moment, but contributes to the strengthening of the parent-child bond.

Harvey County: 8/20. 6:30-8:30 pm (2 hours)

PROFESSIONAL DEVELOPMENT DESCRIPTIONS

Below you will find descriptions of all Child Start professional Development events. For location and date information please visit the professional development events by county table starting on page 13. The Professional Development by County section contains the Core Competencies and CDA areas addressed in each training, as well as the intended audience.

Module

Next to many of the professional development descriptions you will find a Module sign. This indicates that the training or combination of multiple trainings equal a module. A module is 6 hours of professional development that are related in topic and build the participant's knowledge on the subject matter. If divided into multiple trainings, *you will need to attend all six hours to receive a special module certificate in addition to your regular certificate.* Additional information about modules can be found on our website: www.childstart.org.

Creative Curriculum for Infants, Toddlers & Twos:

HV

Introduction to Experiences Module - Child Start Instructors

Module

Creative Curriculum for Infants, Toddlers and Twos - Tasting and Preparing Food

What children are learning about food when they are tasting it, happens through the experiences they have. This session will help provider appropriate food experiences for the infants and toddlers in their care. This session will also help the child care provider organize and plan appropriate food experiences based on the observations of children's interests and abilities.

Harvey County: 8/18. 6:30-8:30 pm (2 hours)

Creative Curriculum for Infants, Toddlers and Twos - Sand & Water

The participants will learn to plan a successful sand and water experience for infants and toddlers in their child care settings. Children will learn from the outdoor play area that is created with possible obstacles in mind. The providers will understand how to create and implement an outdoor sand & water learning station.

Harvey County: 9/1. 6:30-8:30 pm (2 hours)

Creative Curriculum for Infants, Toddlers and Twos - Going Outdoors

Our goal with children in an outdoor environment is to keep them safe as they explore and play. The child care providers will learn to prepare an outdoor play area that is both appealing and age appropriate for infants and toddlers. Participants will learn to anticipate any safety challenges in the outdoor area.

Harvey County: 9/10. 6:30-8:30 pm (2 hours)

Creative Curriculum for Preschool - Child Start Instructors

HV, SG

Module

Creative Curriculum for Preschool: Cooking

Cooking, a natural part of every child's life is an ideal way to teach children life long healthy eating habits and to promote their knowledge, skills and creativity. In this event, participants will have hands-on learning experiences that will help teachers plan cooking experiences that maximize learning in young children.

Sedwick County: 10/20. 6:00-9:00 pm (3 hours)

Creative Curriculum for Preschool: Discovery

The Discovery area nurtures children's natural sense of wonder about the world around them. It helps children develop important skills for development and it is a place where children will actively investigate the "big ideas" of science. In this training, participants will learn how to support and encourage children's desire to explore, to discover and to learn.

Sedwick County: 10/6. 6:00-9:00 pm (3 hours)

Creative Curriculum for Preschool - Child Start Instructors

CL, SU

Module

Creative Curriculum for Preschool: Sand & Water

Playing with sand and water involves sensory experiences that appeal to young children. In this event participants will learn how sand and water promotes all areas of development and how to set the stage for children to learn and have fun.

Cowley County: 11/17. 6:30-8:30 pm (2 hours)

Creative Curriculum for Preschool: Dramatic Play

Dramatic play is central to children's learning and development. In this training, participants will explore ways of creating a dramatic play area for children to learn and explore as they engage in dramatic play.

Sumner County: 8/18. 6:30-8:30 pm (2 hours)

Creative Curriculum for Preschool: Block Play

Blocks appeal to young children because they feel good to the touch, are symmetrical, and invite open-ended explorations. When children construct, create, and represent their experiences with blocks, they grow in all areas of development.
